CASH DISCOUNT PROGRAM
By now, you've probably become aware of the rising popularity of Cash Discount to offset your merchant service fees. A Cash Discount program is a method of implementing a service fee to all customers who pay with a card, while providing a discount to those who pay with cash. Cash Discount programs are legal in all 50 states per the Durbin Amendment (part of the 2010 Dodd-Frank Law), which states that businesses are permitted to offer a discount to customers as an incentive for paying with cash.
